	Insurance Carrier #:

### PART II: REQUESTOR'S POSITION SUMMARY

**Requestor's Position Summary:** "We have found in this audit you have not paid the appropriate reimbursement according to the Acute Care Inpatient Hospital Fee Guideline. The is considered a 'trauma' admit, and can be exempt from the per diem rates. We are not with the understanding that TWCC indeed for the reimbursement on trauma claims to be *less than* the applicable fee schedule. According to information we have received from TWCC regarding a medical billing database for services in 2004, trauma claims received and average payment that was 48.2% of charges. Because this information was acquired from TWCC from a Medical Dispute filed, we are considering this to be a 'fair and reasonable' calculation for trauma reimbursement."

**Amount in Dispute:** \$3618.56

### PART III: RESPONDENT'S POSITION SUMMARY

**Respondent's Position Summary:** "Carrier has made payment based upon the audit of the provider's billing performed by Forte. That audit reduced the provider's billing to rates that are fair and reasonable based on a database of statewide reimbursements to hospitals for equivalent services."

### PART IV: SUMMARY OF FINDINGS

<b>Total Due:</b>				<b>\$0.00</b>

### PART V: REVIEW OF SUMMARY, METHODOLOGY AND EXPLANATION

Texas Labor Code §413.011(a-d), titled *Reimbursement Policies and Guidelines*, and Division rule at 28 Texas Administrative Code §134.1, titled *Use of the Fee Guidelines*, effective May 16, 2002 set out the reimbursement guidelines.

This request for medical fee dispute resolution was received by the Division on June 14, 2005. Pursuant to Division rule at 28 TAC §133.307(g)(3), effective January 1, 2003, 27 TexReg 12282, applicable to disputes filed on or after January 1, 2003, the Division notified the requestor on June 23, 2005 to send additional documentation relevant to the fee dispute as set forth in the rule.

- For the services involved in this dispute, the respondent reduced or denied payment with reason codes:
  - W10, M-Rehabilitation and Psychiatric inpatient admissions to Acute Care Hospitals are reimbursed at fair and reasonable which FORTE' has defined as the percentage of gross charges paid to all Texas hospitals by Medicare in FY 2002 as reported to the Texas Department of Health.
  - M-Payment reduced according to fair and reasonable.
  - W4-No additional reimbursement allowed after review of appeal/reconsideration.

- W10-Payment reduced according to fair and reasonable.
  - W1-Workers Compensation state fee schedule adjustment.
2. This dispute relates to inpatient surgical services provided in a hospital setting with reimbursement subject to the provisions of Division rule at 28 TAC §134.401(c)(5)(A), effective August 1, 1997, 22 TexReg 6264, which requires that when "Trauma (ICD-9 codes 800.0-959.50)" diagnosis codes are listed as the primary diagnosis, reimbursement for the entire admission shall be at a fair and reasonable rate. Review of box 67 on the hospital bill finds that the principle diagnosis code is listed as 839.69. The Division therefore determines that this inpatient admission shall be reimbursed at a fair and reasonable rate pursuant to Division rule at 28 Texas Administrative Code §134.1 and Texas Labor Code §413.011(d).
  3. Division rule at 28 TAC §134.1, effective May 16, 2002, 27 TexReg 4047, requires that "Reimbursement for services not identified in an established fee guideline shall be reimbursed at fair and reasonable rates as described in the Texas Workers' Compensation Act, §413.011 until such period that specific fee guidelines are established by the commission."
  4. Texas Labor Code §413.011(d) requires that fee guidelines must be fair and reasonable and designed to ensure the quality of medical care and to achieve effective medical cost control. The guidelines may not provide for payment of a fee in excess of the fee charged for similar treatment of an injured individual of an equivalent standard of living and paid by that individual or by someone acting on that individual's behalf. It further requires that the Division consider the increased security of payment afforded by the Act in establishing the fee guidelines.
  5. Division rule at 28 TAC §133.307(g)(3)(C)(iv), effective January 1, 2003, 27 TexReg 12282, applicable to disputes filed on or after January 1, 2003, requires the requestor to send additional documentation relevant to the fee dispute including a statement of the disputed issue(s) that shall include "how the submitted documentation supports the requestor position for each disputed fee issue." Review of the submitted documentation finds that the requestor did not state how the submitted documentation supports the requestor's position for each disputed fee issue. The Division concludes that the requestor has not met the requirements of Division rule at 28 TAC §133.307(g)(3)(C)(iv).
  6. Division rule at 28 TAC §133.307(g)(3)(D), effective January 1, 2003, 27 TexReg 12282, applicable to disputes filed on or after January 1, 2003, requires the requestor to provide "documentation that discusses, demonstrates, and justifies that the payment amount being sought is a fair and reasonable rate of reimbursement." Review of the submitted documentation finds that:
    - The requestor's position statement states that "We have found in this audit you have not paid the appropriate reimbursement according to the Acute Care Inpatient Hospital Fee Guideline. The is considered a 'trauma' admit, and can be exempt from the per diem rates. We are not with the understanding that TWCC indeed for the reimbursement on trauma claims to be *less than* the applicable fee schedule. According to information we have received from TWCC regarding a medical billing database for services in 2004, trauma claims received and average payment that was 48.2% of charges. Because this information was acquired from TWCC from a Medical Dispute filed, we are considering this to be a 'fair and reasonable' calculation for trauma reimbursement."
    - The requestor did not provide a copy of or citation to any Division Medical Dispute decision.
    - The requestor did not provide documentation of information from TWCC regarding a medical billing database for services in 2004, supporting that trauma claims received an average payment that was 48.2% of charges
    - The requestor does not discuss or explain how payment of 48.2% of charges would result in a fair and reasonable reimbursement.
    - The requestor did not submit documentation to support that the payment amount being sought is a fair and reasonable rate of reimbursement.
    - The requestor does not discuss or explain how payment of the requested amount would satisfy the requirements of Division rule at 28 TAC §134.1.
    - The Division has previously found that a reimbursement methodology based upon payment of a hospital's billed charges, or a percentage of billed charges, does not produce an acceptable payment amount. This methodology was considered and rejected by the Division in the *Acute Care Inpatient Hospital Fee Guideline* adoption preamble which states at 22 Texas Register 6276 (July 4, 1997) that:  
 "A discount from billed charges was another method of reimbursement which was considered. Again, this method was found unacceptable because it leaves the ultimate reimbursement in the control of the hospital, thus defeating the statutory objective of effective cost control and the statutory standard not to pay more than for similar treatment of an injured individual of an equivalent standard of living. It also provides no incentive to contain medical costs, would be administratively burdensome for the Commission and system participants, and would require additional Commission resources."
- The request for additional reimbursement is not supported. Thorough review of the documentation submitted by the requestor finds that the requestor has not demonstrated or justified that payment of the amount sought would be a fair and reasonable rate of reimbursement for the services in dispute. Additional payment cannot be recommended.
7. The Division would like to emphasize that individual medical fee dispute outcomes rely upon the evidence presented by

the requestor and respondent during dispute resolution, and the thorough review and consideration of that evidence. After thorough review and consideration of all the evidence presented by the parties to this dispute, it is determined that the submitted documentation does not support the reimbursement amount sought by the requestor. The Division concludes that this dispute was not filed in the form and manner prescribed under Division rules at 28 Texas Administrative Code §133.307(g)(3)(C), and §133.307(g)(3)(D). The Division further concludes that the requestor failed to support its position that additional reimbursement is due. As a result, the amount ordered is \$0.00.
